

FOR IMMEDIATE RELEASE

WebWorks RoundUp 2009 Online Booking Now Available

New Venue, New Date Makes 2009 WebWorks User Conference Even More Affordable

AUSTIN, Texas — January 14, 2009 — The WebWorks team is pleased to announce that the third annual WebWorks Users conference, RoundUp 2009, will be held from October 19th to 21st, 2009, at the Hyatt Regency Austin.

RoundUp provides the ideal mix of training, developer workshops, business information sessions and partner briefings for any existing, new or prospective WebWorks customer. The RoundUp business track is also beneficial to those wishing to keep informed of the latest industry trends.

We are excited about the possibilities offered for the continued growth of RoundUp by the new location at the Hyatt Regency, as well as the excellent location and enhanced facilities it offers for the conference attendees.

The Hyatt is located on the banks of Lady Bird Lake right in the center of downtown Austin and offers spectacular views of the city skyline, as well as the lake and surrounding countryside. It is within easy walking distance of the famous Austin downtown live music scene, as well as the growing Warehouse Entertainment District and the eclectic SoCo (South Congress) area. The famous Threadgills music venue is just a block away, and the hotel itself is situated on the 10-mile lakeside hike-and-bike trail.

We worked very closely with the hotel to make this year's RoundUp even more affordable in the current economic climate.

We have managed to hold the registration fee steady for the third straight year and the hotel rate will be the cheapest we've been able to offer so far, with a special conference room rate of just \$199 a night.

Full conference details for RoundUp 2009, along with online booking forms for both the hotel and conference registration, can be found at the conference Web site at <http://webworksroundup.com>

We are looking forward to welcoming our customers and partners to this great new venue for three days of product knowledge, case studies, industry trends, networking, and some Texas-style hospitality.

As part of the run-up to RoundUp 2009, all conference presentation materials and session recordings from last year's highly successful event, RoundUp 2008, are now openly available online at http://www.webworks.com/Community/RoundUp_Conference/2008/Presentations/

About WebWorks ePublisher

WebWorks ePublisher offers the fastest and most efficient way to publish your technical documentation and other content. On average, we reduce the time it takes to modify and republish content from weeks to just a few hours. We are trusted by individuals, small and medium businesses, and Fortune 500 companies alike -- enabling them to publish hundreds of thousands of sophisticated PDF, help, HTML, and other Web files each month. Our customers give us strong reviews because our product allows them to deliver the most reliable and efficient workflow for creating, managing, and deploying powerful electronic publications in a continuous fashion around the clock ... without compromising their original content's integrity.
